MEMORANDUM

December 19, 2005

**TO: ALL COUNTY WELFARE DIRECTORS
ALL COUNTY SPOCS
ALL COUNTY TECHNICAL POINTS OF CONTACT**

SUBJECT: COUNTY RE-HOST COMMUNICATION PLAN

The Child Welfare Services Case Management System (CWS/CMS) Project is currently in the process of transitioning the hosting of the CWS/CMS application to the Department of Technology Services (DTS, formerly known as HHSDC). This is a result of discussions between the State of California and the Administration for Children and Families (ACF) in which the State proposed to migrate operations and application hosting to the DTS.

The CWS/CMS Project is committed to ensuring a smooth transition and to also keep counties informed of all the phases of this migration. All documentation regarding Re-host will be easily identified by the unique Re-host logo placed in the header of each document. Attached you will find a County Re-host Communication Plan that will set the standard for communications between the CWS/CMS Project and the counties.

The CWS/CMS Project will be distributing and posting more information regarding each step in the transition to DTS and how it may or may not affect the counties in the very near future. All documentation regarding Re-host can be found on the CWS/CMS Web site Projects Page.

For contact information regarding Re-host, please refer to the CWS/CMS County Re-host Communication Plan.

Sincerely,

LAUREN BARTON
Deputy Director
